

EAA POWDER

ACTIVATE LIFE – NOW!

EAA POWDER

- Essential amino acids (EAA) provide the body with all components for building and maintaining muscles and are an important part of many important metabolic functions.
- Essential amino acids cannot be produced by the body itself; they must be taken in with daily nutrition.
- The amino acids used in the Multipower EAA Powder are of plant origin and therefore also ideal as a supplement to a vegan diet.
- The EAA Powder provides 9g essential amino acids (including 5g BCAA) per serving as well as the important Vitamins C and B6 to strengthen the immune system

ESSENTIAL GROWTH

- Essential amino acids are currently on everyone's lips in the fitness and health sector, you can benefit too from this ongoing trend!
- The market for sports nutrition and functional food grew from 2017 to 2019 in food retail by more than 50%, and trend is rising
